Historical Notes

The Greater Catholic League was formed in 1931 with four “original” schools: Elder, Purcell, Roger Bacon and Xavier University High (St. Xavier). Over the years, LaSalle and Moeller were added. Fast forward to 1990-1991 when Alter, Chaminade Julienne, Badin and McNicholas joined to make a 10-team league. At that time, the league consisted of two divisions. The North Division was comprised of Alter, Badin, Chaminade Julienne, McNicholas, Purcell Marian and Roger Bacon. The South Division included Elder, LaSalle, Moeller, and St. Xavier. In 2006-2007, Carroll and Fenwick joined the GCL and the league was regrouped into three divisions as it stands now. The North Division is Alter, Carroll, Chaminade Julienne and Fenwick. The Central Division is Badin, McNicholas, Purcell Marian and Roger Bacon. The South Division remains the same with Elder, LaSalle, Moeller and St. Xavier.

The basketball records for this book have only been kept since the 1991-1992 season. At that time, Courtney Robbins gathered the stats from the basketball coaches and compiled them throughout the season. He chose the categories to be included for individual stats and the minimum requirements in each category. Courtney passed away just before the 1999-2000 basketball season. But the compiled career statistics have been carried on in the form of this book.

In the 2003-2004 season, the basketball coaches agreed to start submitting steals and blocks as new stats categories. Most schools immediately started reporting these new stats categories. However, some needed a few seasons to adjust. For that reason, some of the steal and block stats may not be reflected in the individual totals.

Since the 2004-2005 season, GCL stats and standings have been available on the GCL website. This website was created by Elder graduate, Dave Carroll, and has been the prototype for other leagues’ sites in the Cincinnati and Dayton areas. For a complete history of the GCL as well as game results, stats, standings, all star teams and more, visit www.gclsports.com.
